Synthetic Digital Layout

Author: Example Researcher

Abstract: Layout measurement test only.

Keywords: synthetic; measurement

1 Introduction

Body line 1: measured body font size is eleven points.
Body line 2: measured body font size is eleven points.
Body line 3: measured body font size is eleven points.
Body line 4: measured body font size is eleven points.
Body line 5: measured body font size is eleven points.
Body line 6: measured body font size is eleven points.
Body line 7: measured body font size is eleven points.
Body line 8: measured body font size is eleven points.
Body line 9: measured body font size is eleven points.
Body line 10: measured body font size is eleven points.

Body line 1: measured body font size is eleven points.
Body line 2: measured body font size is eleven points.
Body line 3: measured body font size is eleven points.
Body line 4: measured body font size is eleven points.
Body line 5: measured body font size is eleven points.
Body line 6: measured body font size is eleven points.
Body line 7: measured body font size is eleven points.
Body line 8: measured body font size is eleven points.
Body line 9: measured body font size is eleven points.
Body line 10: measured body font size is eleven points.
